ST. MARY'S NEWS

Over the last year or so, we have
begun to digitize our church and
cemetery paper records. This will
safeguard very important historical
information and provide easier access
to it now and into the future. All
death records have been "**backed up**"
to the computer and a new cemetery
map has been created to show the
placement of all existing, reserved, and
available grave plots.

We'll be working on baptismal and
matrimony records next. Photos,
event programs, and other materials
that have documented our church
family's history will be added to
our new digital library in the
future. If you have any questions
about this church history project,
would like to contribute any
historical items, **OR** would like to
get involved in preserving these
records please contact Dave Ragan at
